

To whom it my concern

BE2SEE work for EyeYon Medical

I had the pleasure to work with Amir & BE2SEE on the first company's movie for EyeYon Medical.

All long the work together I found out the BE2SEE team to be professional, responsive and extremely customer oriented. They worked days and nights in order to keep up with the tight schedule before a Roadshow I Had in the US.

Above all they managed to transfer my ideas into a short, clear, to the point movie that describes the innovative solutions that EyeYon Medical have as well as the great opportunity it suggests.

Creating a marketing movie for the medical device industry is not a simple task and B2SEE team where very flexible and bridged between the company's physicians and engineers.

Every time I share the company's movie with partners/physicians/customers and investors they find it very informative and creative.

Above all they done everything to keep me satisfied no matter the amount of changes I had along the way.

Nahum Ferera, CEO

EYEYON MEDICAL
